VRP Applicant(s): Virginia Scrap Iron and Metal Co., Inc. and
Roanoke Valley Steel Recyclers, LLC

In accordance with the public participation requirements of 9 Virginia Administrative Code 20-160-120, notice is provided on behalf of Virginia Scrap Iron and Metal Co., Inc. and Roanoke Valley Steel Recyclers, LLC regarding remediation of the Virginia Scrap, Roanoke Avenue property referenced above under the Virginia Voluntary Remediation Program. A site characterization was performed of the site that identified various organic and inorganic constituents in soil and groundwater. A risk assessment evaluating risks to human health and the environment was completed in accordance with Virginia Department of Environmental Quality guidelines. The risk assessment found that past remedial activities combined with institutional controls (e.g., limitations on property and groundwater use) will be protective of human health and the environment.

Written comments will be accepted on this matter for a period of 30 days from December 4, 2008. All comments should be provided in writing to Robert W. List, Faulkner & Flynn, Inc., Liberty Trust Building, 101 S. Jefferson Street, 2nd Floor, Roanoke, VA 24011 (540-985-9540). Additional information may be requested by contacting Mr. List.
